

## **Agricultural Bank of China Headquarters, China Construction Bank Headquarters and Mandarin Oriental Hotel & Residences**

The Agricultural Bank of China / Construction Bank of China development is a mixed-use project that includes two new 50-story office towers on the historical Shanghai Shipyard Site. The design of the office towers forms a gateway in the shape of a ship's hull leading to Celebration Park on the waterfront. This premium site fronts the Huangpu River and the historic Bund.

The development also includes two 18-story towers operated by the Mandarin Oriental Group. The first tower is Mandarin Oriental's flagship Hotel & Spa, with 360 rooms and world-class spa facilities. The adjacent Mandarin Residences consist of luxury residences serviced by the hotel.
