

Banco Real Santander Headquarters + JK Iguatemi Mall + WTorre Plaza

The Banco Santander Headquarters Tower is the first phase of the WTorre JK Complex, a mixed-use development located in Sao Paulo, Brazil. Arquitectonica designed the building facade and interiors for a 973,400 SF existing structure to be fitted out as an office tower, including floor plan layouts and interior design of lobbies and a common area. This phase also includes the construction of 6 levels of underground parking, bringing the project total to 1,770,000 SF (164,340 SM).
